Can you help me to understand if HRO has received 3B4D funds from M&RA, and if so how much and when was it received?

We are showing a recent addition of \$5,100 in our budget and I do not know the origination of the funds. Plus we got a data call from M&RA regarding issues obligating the 3B4D funds and Enrique doesn't recall us receiving any 3B4D funds for FY22 yet.

Any clarification you could provide or point me in the right direction that would be greatly appreciated!
